The whole building is in need of complete refurbishment and could eventually make a stunning family home in this most sought after part of London. The property is being sold by auction with an assured tenancy and requires section 11 and 12 improvement notices to be completed. The lower flat has the assured/controlled tenancy with a gentleman who is believed to be in his 80s, he is paying £740 pcm in rent but is not currently believed to be residing in the property.

The accommodation is laid out over four floors and currently comprises 2 flats. Both flats have 2 bedrooms, kitchen, living room/s and a bathroom.

Outside: The rear garden is accessed via the lower ground floor and is fully enclosed. To the front there is also a small basement courtyard with access door and steps to pavement level.

Hampstead has become a property hotspot over the years with Well Road being one of the most desirable. The property is ideally located for access to the Northern Line Tube and mainline services at Finchley Road, as well as the many shops, restaurants and boutiques of Hampstead Village.

This is truly a unique opportunity to acquire this property as it has never been sold before, it is still owned by the family whose ancestor built the home in the late 19th Century. Builder William Selley moved from Devon in to London in the 1860's and started to build houses in the area including homes in Christchurch Hill , Well Walk and Willow Road. He built up a portfolio of 39 homes and this is the last one to be sold.

Agent Note: Lower Flat ECP rating E (57) Council Tax Band F - Upper Flat EPC rating F (24). Council Tax Band E
